THE MATRIX: CYCLE 1

2 incomes to your upline (1, 2)

6 incomes to your wallet (3, 6, 8, 9, 11, 12)

2 incomes buy your next slot (4, 5)

3 incomes to your team (7, 10, 13)

1 income recycles this matrix (14)

To qualify for spillovers, refer 2 direct members through your personal referral link.

AUTOFLAXY
THE AUTOMATED USDT ENGINE

THE MATRIX: NEXT CYCLES

2 to your upline (1, 2)

7 to your wallet (3, 5, 6, 8, 9, 11, 12)

1 to the Royal Pool (4)

3 to your team (7, 10, 13)

1 recycles (14)

Slot 12 works like this from its first cycle.

WHEN YOUR INCOME REACHES YOUR WALLET

Paid instantly

Slot 1 income and the $5 invite reward go straight to your wallet in the same transaction.

Unlocks at 6 direct partners

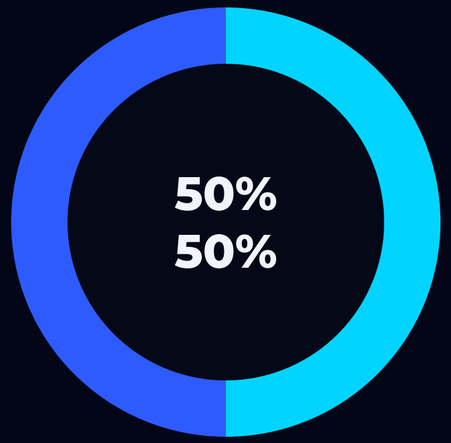

Income from Slot 2 to Slot 12 and rank rewards are paid instantly once you have 6 direct partners. Until then they are held safely in the contract, yours forever, and you withdraw them from the dashboard as soon as you reach 6.

Spillovers need 2 direct partners. Withdrawals have no charges.

AUTOFLAXY
THE AUTOMATED USDT ENGINE

ROYAL POOL

Every 4th position from each slot, after the first cycle, goes to the Royal Pool (Slot 12: every cycle).

50% to the company liquidity wallet

Sent at once. The address is fixed in the contract and is a multi-signature Safe. The company uses it for BIDX/USDT liquidity.

50% to the Ranks Pool

Shared by the four ranks, 12.5% each.

AUTOFLAXY
THE AUTOMATED USDT ENGINE

BIDX COIN REWARD

1 BIDX for every 10 USDT of income

Slot income, invite rewards and rank rewards all count.

From a fixed reserve of 100,000 BIDX inside the AutoFlaxy contract, while it lasts. USDT income never depends on it.

Each month's BIDX unlocks over the next 12 months, 1/12 every month. Claim it from your dashboard any time.

Earn $300 in a month → 30 BIDX →
2.5 BIDX unlock every month for 12 months.

BIDX is a BEP20 coin on BNB Smart Chain.

RANKS AND REWARDS

It's not just a ranking; it's a partnership in a global network that offers lifetime passive income.

Rising

Target Slot 3

25% of the Ranks Pool
(12.5% of the Royal Pool)

Prime

Target Slot 6

25% of the Ranks Pool
(12.5% of the Royal Pool)

Royal

Target Slot 9

25% of the Ranks Pool
(12.5% of the Royal Pool)

Legendary

Target Slot 12

25% of the Ranks Pool
(12.5% of the Royal Pool)

Each rank's share is split equally among its holders.

Ranks add up: a Legendary member also holds Rising, Prime and Royal.

Claim rank rewards from the dashboard; they count as Slot 2+ income (6 direct partners to withdraw).

HOW IT WORKS ON THE BLOCKCHAIN

Your wallet → **Approve 16 USDT** → **AutoFlaxy smart contract**

join(sponsor ID)

→ **In the same transaction**

$1 to the fee wallet

$5 to your sponsor

$10 placed in a Slot 1 matrix

→ Position decides: wallet, held balance, next slot, Royal Pool, recycle

→ Every payment is a USDT transfer recorded on BNB Smart Chain

No admin keys: nobody, including the company, can change a rule or an address after deployment.

Every payment can be checked on BscScan.

Company treasury, fee and liquidity wallets are multi-signature Safes.
